

A photograph of two men in an office setting. The man in the foreground is on the left, with dark hair and a beard, wearing a black t-shirt. The man in the background is on the right, with short brown hair, wearing a light blue button-down shirt. Both are smiling and looking towards the right. A white box with a thin black border is overlaid on the left side of the image, containing the text "eXplore your potential".

eXplore your potential

The **EDITEL Group** is a leading provider of IT/EDI services that specializes in supply chain management. We employ more than 150 staff members at our headquarter in Vienna and at our subsidiaries in Prague, Bratislava, Budapest, Zagreb and Krakow.

We are looking to hire a

full-time Software Tester/QA Engineer (m/f)

Your responsibilities

As our new qualified Software Tester/QA Engineer you will be working on several applications within B2B transactions processing. You will be ensuring the quality of our products as a member of an international cross-border SCRUM team. You will be working collaboratively with SCRUM product owners, software developers and other quality assurance engineers to define and design high quality solutions. Your role will also include working on test strategy, automated and manual tests, on security standards as well as metrics, and presenting your work during the SCRUM meeting.

Desired experiences/skills

- › Bachelor's degree in computer science or similar and 3+ years of experience in software testing
- › Experience with test automation tools/concepts, open source frameworks (Cypress.io, Selenium, Cucumber, ...), principles of REST and SOAP API's, databases (MongoDB, SQL and NoSQL technologies), ISTQB Certification, CI/CD concepts and working in an agile work environment (SCRUM)
- › English (corporate language), German is an advantage

Other desired competences

- › Knowledge of a development language (Java, Javascript)
- › Analytical thinking and attention to detail
- › Good communication skills and the ability to communicate complex topics to others

Your future working environment

We offer a varied and international working environment at the crossroad between logistics and Electronic Data Interchange (EDI) where dedicated employees can reach their full potential and take their career to the next level. To learn more about the employer EDITEL, please visit <https://www.editel.eu/careers-at-editel/>

What we offer

We offer a competitive salary depending on qualification and experience. You can work either in one of our offices (Vienna, Prague, Bratislava, Budapest, Zagreb, Krakow) or in your home-office (remote), with flexible working time. We also provide budget for trainings, meal vouchers, contribution to sport's activities and much more.

Are you interested in joining our team? Please send your application documents to

Mrs. Ewa Kudlich, e-mail: job@editel.at, web: www.editel.eu
